This information is provided by the:
The National Family Caregiver Support Program

This is a nationally funded program operated in Central Ohio by the Central Ohio Area Agency on Aging (COAAA). It offers caregiver workshops and funds services designed to assist caregivers on a short term basis. The services include: information and assistance, counseling, respite, and other supplemental services.

This resource guide is brought to you by the Central Ohio Area Agency on Aging. Any unauthorized use and/or duplication of this material without the prior express and written permission from the Central Ohio Area Agency on Aging is strictly prohibited.

This guide is not a substitute for professional advice and care. If you have specific needs, please see a professional provider. Links to websites are provided for convenience and do not constitute or imply endorsement. Every reasonable effort is taken to ensure accurate information; however, we cannot guarantee completeness or timeliness. COAAA assumes no responsibility for outcomes resulting from the use of information contained in this guide.
1. **Programs for those Who Want to Receive Services in their Own Homes/Condos/Apartments**

Many communities offer a range of home and community based services for older adults who wish to receive care while living in their own home, apartment or condominium. All services accept self (private) pay. Government-funded programs may provide services at no or lower cost to individuals with limited financial resources. The cost of services will vary in each community. **Individuals should explore financial assistance or insurance coverage for any needed service.**

**Free, Professional Consultation is Available to Help:**

- Determine which services are needed
- Determine what payment options are available to you
- Locate service providers
- Evaluate all long-term care options

**Phone Numbers for Consultation:**

- **Nationwide:** Eldercare Locator-800-766-1116 or [www.eldercare.gov](http://www.eldercare.gov)
- **In Ohio:** Long Term Care Consultations-866-243-5678
- **Central Ohio:** The Central Ohio Area Agency on Aging-800-589-7277

2. **Local County Aging Services Tax Levies**

In Ohio many counties fund aging services through local property or sales tax levies. These counties often have a variety of home based services available on a sliding fee scale. In Central Ohio this includes the following: Delaware, Fairfield, Franklin, Licking, Madison, Pickaway, and Union Counties. Fayette County is the only county in Central Ohio without an Aging Services Tax Levy. For information on all Ohio aging services tax levies go to: [www.aging.ohio.gov](http://www.aging.ohio.gov)

**Contact Information for Central Ohio Aging Tax Levy Services:**

- **Delaware County**—SourcePoint, [www.mysourcepoint.org](http://www.mysourcepoint.org), 740-363-6677
- **Fairfield County**—Meals on Wheels of Fairfield County, [www.mowfc.org](http://www.mowfc.org), 740-681-5050
- **Franklin County**—Franklin County Office on Aging, [www.officeonaging.org](http://www.officeonaging.org), 614-525-6200
- **Licking County**—Licking County Aging Program, [www.lcap.org](http://www.lcap.org), 740-345-0821
- **Madison County**—Madison County Senior Center, [www.mcsenior.org](http://www.mcsenior.org), 740-852-3001
- **Pickaway County**—Pickaway County Senior Center [www.pickawayseniors.org](http://www.pickawayseniors.org), 740-474-8831
- **Union County**—Union County Senior Services, [www.co.union.oh.us](http://www.co.union.oh.us), 937-644-1010
3. Medicaid Waiver Programs

- The Medicaid Waiver Programs fund in-home services for individuals as an alternative to receiving care in a care facility.
- Waiver services can include: medical and nursing care, personal care, homemakers, adult day services, home-delivered meals, emergency response systems, medical supplies, home modifications for accessibility, and transportation to medical appointments.
- Ohio offers many different types of Medicaid Waiver Programs. For more information and program intake contact the Central Ohio Area Agency on Aging at 614-645-7250 or 800-589-7277.
  - PASSPORT—for anyone age 60 and over and living in the community.
  - Ohio Assisted Living Waiver—for anyone age 21 and over and living in a participating assisted living facility.
  - Ohio Home Care Waiver—for anyone under the age of 60 (including children) and living in the community.
  - Developmental Disabilities Waivers—for anyone with a developmental disability diagnosis and living in the community. Go to www.dodd.ohio.gov for more information. Intake is typically through the county Board of Developmental Disabilities. These waivers have waiting lists.
  - My Care Ohio—for anyone enrolled in both Medicare and Medicaid. The following Central Ohio counties participate in this waiver: Delaware, Franklin, Madison, Pickaway, and Union. Under the MyCare Ohio Waiver, managed care organizations (MCOs) coordinate benefits for people who have both Medicare & Medicaid. This includes both health care and long-term care benefits. For Central Ohio the MCOs are: Aetna Better Health of Ohio and Molina Healthcare of Ohio Inc.

4. Other Resources for Community Living in Ohio

- Specialized Recovery Services (SRS) Program
  The program provides Medicaid and other benefits for individuals age 21 and older who have Severe and Persistent Mental Illness, individuals with certain chronic medical conditions, or individuals who are in need of organ or soft-tissue transplants or are former transplant recipients. For Central Ohio, call 800-589-7277 for intake.

- Home Choice
  The program provides assistance with moving back into the community from a care facility. Services include a Transition Coordinator, and limited funds to assist with establishing a new household. For Central Ohio, call 888-221-1560 to start the application process.

- Residential State Supplement (RSS)
  The program provides financial assistance to adults with disabilities who can live in eligible community housing that provides some support services. RSS pays for accommodations, supervision, and personal care services. For more information, call 614-752-9316.

- Recovery Requires a Community
  The program assists people diagnosed with mental illness to move to and remain in community housing. It pays for goods and services not covered by other funding programs. For more information, call 614-466-9985.
5. Types of Home- and Community-Based Services Available

These services can be provided in the home, condominium or apartment. The cost varies widely by the type of service needed, the intensity and the type of provider hired. Services can be medical and not medical. Most home care providers offer more than one type of service (e.g., chore services vs. homemaker vs. personal care). Whether hiring an agency or self-employed individual, it is important to establish what types of service you need ahead of time.

Care or Case Management/Care Coordination
- Typically provided by a nurse or social worker who assesses the client’s service needs, then coordinates and monitors all services. Case management is provided for consumers enrolled in many government or local tax levy funded home care programs.
- For individuals not eligible for government-funded programs, it may be helpful to hire a private Geriatric Care Manager to provide this service. To learn more about private Geriatric Care Managers and/or find a local service provider contact: Aging Life Care Association, 520-881-8008 or search their online national directory at www.aginglifecare.org

Adult Day Programs – also referred to as Adult Day Health Care
- Programs offering social and recreational activities, supervision, health services, and meals in a protective setting for older adults with physical or cognitive disabilities. Typically open weekdays during business hours. May provide transportation to and from the center. Very often helpful for family members seeking caregiver relief.

Emergency Identification Programs-
Several programs exist which can identify individuals if they have wandered away from the home or from caregivers. They include:
- Ohio Next of Kin Registry
  Any person can ADD emergency contacts to his/her Driver's License or Ohio State ID at no cost. Emergency services personnel, safety and highway patrol officers can access this information in the event of an accident or incident. To access paper or web forms go to www.bmv.ohio.gov.
- Project Lifesaver
  The primary mission of Project Lifesaver is to provide timely response to save lives and reduce potential injury for adults and children who wander due to Alzheimer’s, autism, and other related conditions. Citizens enrolled in Project Lifesaver wear a small personal transmitter around the wrist or ankle that emits an individualized tracking signal. Check the website for a program in your area www.projectlifesaver.org.
- Medic Alert +Alzheimer’s Association Safe Return
  Medic Alert® + Alzheimer’s Association Safe Return® is an emergency response service for individuals with Alzheimer's or a related dementia who wander or have a medical emergency. There is a small cost involved. The website is www.alz.org.
Emergency Response Systems (ERS)

- A service that provides individuals with a call button, which alerts a call center to get help from family, friends, or emergency services. Services may include smoke detection and medication reminders. Services/units may be rented or purchased.

Heavy Housekeeping and Chore Services

- Assistance with heavy house cleaning, minor home repairs.

Home Medical Equipment

- Offers many types of assistive and adaptive equipment to help people function in daily life despite disability and impairments. The cost of some equipment is covered by Medicare and other insurances with a doctor’s prescription like wheelchairs, hospital beds, oxygen etc. Instead some are private pay like incontinence products, grab bars, shower chairs, stair lifts etc.
- Sometimes a governmental program can assist with costs.

Home Repair & Modification

- Changes or additions to the structure of a home to improve safety and accessibility. Examples include the addition of grab bars, hand-held shower units, ramps, or stair lifts. May also include widening doorways, re-fitting bathrooms, or relocating laundry facilities to the main level of the home.

Home Downsizing/Moving/Organizing

- Licensed & insured providers can assist with the decision to downsize or reorganize a home to provide a safer living environment. See COAAA’s Moving & Transitions Guide for more information and a detailed list of providers.
- Check these websites to acquire lists of providers:
  - www.napo.net National Association of Professional Organizers
  - www.nasmm.org National Association of Senior Move Managers

Hospice

- Services for persons with terminal illnesses provided in the home or a long-term care setting. Includes home health services, volunteer support, grief counseling, and pain management. Medicare and other health insurance generally pays for set of services.

In Home Care

Many types of services may be available for someone living in their home or apartment. Some are funded by governmental sources and some are not. Generally they are referred to as Medical and Non-Medical Assistance.

Medical Services can be covered by Medicare and other insurance often after a hospitalization. Sometimes this type of care is referred to as “skilled” or “rehabilitation.” Services can include:

- Nurses
  - Provide medical care and medical monitoring.
In Home Therapists
- Speech, Physical and Occupational Therapies—Provide training in communication, physical movement or doing daily tasks.

Home Health Aides (or Personal Care Aides)
- Provide assistance with personal care such as: bathing, dressing, feeding.

Non-Medical Services are generally not covered by insurance or Medicare. Most would be private pay. However, some of the government programs including Medicaid Waivers and some local tax levies can fund these services if a person meets their qualification. Sometimes these services can provide respite for a family caregiver. The types of services can include:

Homemakers
- Provide assistance with light housekeeping, laundry, cooking, and errands.

Companions
- Provide conversation, supervision and some help with meals or tasks.

Meal Programs (Both Home Delivered and Congregate)
- Meals delivered to homebound individuals or at group dining locations in the community. Typically provided five or more days per week.

Pest Control
- Treats a home or apartment for many types of insects and small animals. The most frequently utilized service is for roaches and bed bugs. Treatment can be trap based, chemical or heat based. Some of these programs include the preparation for the treatment as well. There is very limited financial assistance for this service.

Respite Care
- Short-term care provided for an older person to allow caregivers time away from their caregiving role. Provided by trained professionals or volunteers in the home or by short-term admission to an assisted living or nursing facility. This type of care may also be offered in an Adult Day Program (see above). See COAAA’s Respite Guide for a more detailed list of providers.

Senior Centers
- Provide social activities, information and a range of services. May be a community dining location, and may offer transportation to members living in their service areas.

Telephone Reassurance
- Regular phone calls to check on the person’s well-being.

Transportation Services
- Provide rides to medical appointments, shopping, and other activities. Many different kinds of transportation providers and sources of funding. See COAAA’s Transportation Guide for a more detailed list of providers.
6. **Central Ohio Residential (Supportive Living) Facilities**  
(Formerly Adult Care Facilities)

These are licensed facilities that provide accommodations to unrelated persons. They include room and board and may or may not include: supervision, personal care and/or mental health services. This setting may also provide supervision, social services and accommodations, but treatment services are provided separately and service intensity will vary from resident to resident. Residential Facilities are divided into Class 1, Class 2, and Class 3. The Ohio Department of Mental Health and Addiction Services licenses these homes. Their website is [www.mha.ohio.gov](http://www.mha.ohio.gov) and their information number is 614-466-1590. The following are the types of facilities:

**Class 1:** Provides accommodations, supervision, personal care services, and mental health services for one or more unrelated adults with mental illness and owned/operated by a Behavioral Health Agency. (This guide does not list Class 1 Facilities.)

**Class 2:** Provides accommodations, supervision, and personal care services to any of the following:
- 1-2 unrelated persons with mental illness (formerly MH Residential Facility Type 2)
- 1-2 unrelated adults who are receiving Residential State Supplement payments (see RSS description above; formerly called Adult Foster Home).
- 3-16 unrelated adults (formerly called an Adult Family Home or an Adult Group Home).

**Class 3:** Provides room and board (no personal care services) to 5 or more unrelated adults with mental illness diagnoses.

Lists of Central Ohio Residential Facilities by county can be found beginning on page 12 of this guide. Lists can also be found on the website [www.ltc.gov](http://www.ltc.gov) and they are called “Supportive Living” on that online guide.
7. **Central Ohio Retirement Campuses (CCRC)**

These offer a grouping of housing facilities for older adults with multiple levels of living options, which may include: independent, assisted living, skilled and intermediate nursing care. Residents *may or may not* pay an endowment fee to obtain services to suit their changing needs. Some of these are called Continuing Care Retirement Communities (CCRCs). There are three basic types of contracts for CCRCs:

- **Life Care or Extended Contract:** This is the most expensive option; but offers unlimited assisted living, medical treatment, and skilled nursing care without additional charges.
- **Modified Contract:** This contract offers a set of services provided for a set length of time. When that time is expired, other services can be obtained, but for higher monthly fees.
- **Fee-for-Service Contract:** The initial enrollment fee may be lower, but assisted living and skilled nursing will be paid for at their market rates.

It is very important to review each option as well as the long-term financial plan to support them. Often, charges above and beyond the entrance cost and monthly fees arise. Ensure that everyone understands just how much money will be needed to support this housing option. Also, make sure the facility being considered will be financially viable over the long term. Get assurance that 10 to 15 years down the road the CCRC will still be operating and able to provide the care that has already been purchased.

On pages 17-30 of this guide, there is a mark beside any assisted living, skilled, or intermediate-care facility that is part of a multiple level retirement community.

8. **Central Ohio Assisted Living Facilities**

- An assisted living facility provides the resident with a range of services most of which do not need to be provided by a nurse or other medically trained person. Assisted living facilities in Ohio are also called Residential Care Facilities and are licensed by the Ohio Dept. of Heath at [www.odh.ohio.gov](http://www.odh.ohio.gov).
- For complaints about care in assisted living facilities, contact the Ohio Department of Health in writing or by phone at 1-800-342-0553 (Monday-Friday 8:00am-5:00pm).
- The Ohio Long Term Care Consumer Guide lists assisted living facilities by county and zip code. It includes helpful information to compare facilities. The website is [www.ltc.ohio.gov](http://www.ltc.ohio.gov).
- The Ohio Assisted Living Association also has a directory of assisted living facilities with information on services and fees. It is available at [www.ohioassistedliving.org](http://www.ohioassistedliving.org).
- For the most part, assisted living facilities are private pay. However, there is a very limited, Medicaid Assisted Living Waiver program which provides assistance funding care for eligible adults living in approved assisted living facilities. For information on assisted living facilities which accept Medicaid waiver, go to [www.ltc.ohio.gov](http://www.ltc.ohio.gov). To apply for the waiver, contact the COAAA at 614-645-7250.
- A list of licensed central Ohio Assisted Living Facilities can be found on pages 17-30 of this guide.
9. Central Ohio Skilled & Intermediate Nursing Facilities

- **Skilled Nursing Facility (SNF)** is a facility that provides *nursing & rehabilitative* care that is prescribed by a physician and is delivered on a daily basis by skilled medical personnel such as nurses or therapists. Skilled care is generally provided to assist patients *during recovery* following hospitalization for treatment of acute conditions. Medicare will pay for up to 100 days of skilled care (some of those days are a partial payment). But, because skilled care is so narrowly defined, Medicare payments will usually last for only a very short time (21 days or less). Many nursing facilities have a skilled or rehabilitation wing which offers short term care as well as a wing with residents who are there for longer periods.

- Medicare can pay for *skilled* nursing facility care and thus keeps a database of over 17,000 skilled nursing facilities in the United States. Information is available on 10 quality indicators, examining such factors as use of physical restraints and the percentage of residents who have bedsores. This information may be found at [www.medicare.gov](http://www.medicare.gov). The information also can be accessed by calling 1-800-MEDICARE.

- **Intermediate Care Facility (ICF)** is a facility which provides long term care for persons who do *not* need specialized or daily therapeutic services. Intermediate care is provided by medical professionals such as registered or licensed practical nurses, and therapists, under the supervision of a physician. Medicare does **NOT** cover intermediate care in nursing homes but Medicaid **DOES**. Many people who are living in Intermediate Care Facilities have limited income and have spent down their assets to apply for Medicaid to cover their care.

- In Ohio, both skilled and intermediate nursing facilities are licensed and regulated by the [Ohio Department of Health](http://www.odh.ohio.gov). To make a formal complaint about care in a facility, contact the Ohio Department of Health in writing or by phone at 800-342-0553 (Monday-Friday 8:00am-5:00pm).

- **The Ohio Long Term Care Consumer Guide** lists skilled and intermediate nursing facilities by county and by zip code. Its website is [www.ltc.ohio.gov](http://www.ltc.ohio.gov).

- A list of Central Ohio licensed skilled and intermediate nursing facilities can be found on pages 17-30 of this guide.

10. Central Ohio Ombudsman Program

Ohio’s office of the State Long-term Care Ombudsman advocates for people receiving home care, assisted living, and nursing home care. Paid and volunteer staff work to resolve complaints about services, help people select a provider, and offer information about benefits and consumer rights.

Ombudsmen do not regulate nursing homes and home health agencies, but do work with providers, residents, their families, and other representatives to resolve problems and concerns.

In addition, ombudsmen:

- Advocate for person-centered approaches by providers to meet the needs and honor the preferences of residents
- Link residents with services or agencies
- Offer resources for selecting long-term care providers
- Provide information and assistance with benefits and insurance.

In Central Ohio, contact the Ombudsman at 800-536-5891 or [www.centralohio.easterseals.com](http://www.centralohio.easterseals.com).
11. Central Ohio Hospice Services

- Hospice is a program of care and support for people who are terminally ill. The focus is on comfort, not on curing an illness. Hospice programs generally require that the person has a terminal diagnosis and is not receiving services aimed at curing an illness.

- If a person qualifies for hospice care and chooses to get the hospice benefit, hospice services MAY include physical care, counseling, drugs, equipment, and supplies for the terminal illness and related condition(s).

- Families and caregivers of a person on hospice care can also receive support group and counseling benefits.

- Hospice services can be provided in most types of care settings including a person’s home, an adult care facility, an assisted living facility and an intermediate care facility.

- Medicare covers hospice care but does not cover room and board services. In general, Medicare doesn’t pay for 24-hour assistance if a person receives hospice services at home. For more on Medicare coverage of hospice care go to www.medicare.gov.

- Sometimes people are confused by the terms “Hospice” & “Palliative” Care.
  - Hospice can be provided in any care setting and requires that a person discontinue treatments solely aimed at curing the underlying disorder. Hospice will continue treatments aimed at making a person comfortable or relieving pain. Some short term care is allowed in an inpatient setting.
  - Palliative Care is generally offered through a setting like a hospital or cancer treatment center and allows comfort care to be administered at the same time that the person is continuing to be treated for a cure. Many hospitals or treatment centers have palliative care teams who can consult regarding a person’s comfort and pain control during treatment.

- A list of the Central Ohio Hospice Programs can be found on pages 31-32 of this guide.
List of Central Ohio Residential Facilities
(Formerly called ACF – Adult Care Facilities)

Organized Alphabetically by County

For more detailed information, contact: the Ohio Dept. of Mental Health & Addictions Services at 614-466-1590, or visit either
www.mha.ohio.gov or www.ltc.ohio.gov
(on this site, these facilities are called “supportive living”)

Note: Every reasonable effort is taken to ensure accurate information. However, we cannot guarantee completeness or timeliness of information. Some of the names, addresses, or phone numbers of the facilities may have changed since the printing of this guide. List updated March, 2019.
